CLIENT REFERENCES

Eluwade Peter Toluwanimi (Peterlightspeed)
 Hybrid Web Developer (AI / Machine Learning & Frontend)

Featured Testimonials

Gideon Oluwapelumi – Host, Beat Blast Event
 "Peter delivered a flyer that perfectly matched the energy of Gidi Beat Blast. The design was bold, rhythmic, and instantly grabbed attention. He was professional, responsive, and easy to work with throughout the project."

Andrew Stephen – Forex Mentor
 "Peter exceeded my expectations with the forex flyer design. The layout was sleek, the colors were well-balanced, and it communicated the professionalism I needed to attract serious clients. I look forward to working with him again."

Tochukwu Nsofor – Basketball Coach
 "Peter delivered both the flyers and website for my basketball academy without delay. The designs were responsive, clean, and professionally structured. Communication was smooth, and the final output exceeded expectations."

Sinachi Franklin Ezeonyeka – Student, Camex Global Concept
 "Peter is an excellent web development instructor. His lessons were clear, practical, and easy to understand. He helped me gain confidence in HTML, CSS, and JavaScript through hands-on guidance and patience."

Munachi – Student, Camex Global Concept
 "Learning web development from Peter was a great experience. He explained concepts clearly, guided me through real projects, and encouraged independent problem-solving."

Isaac Oluwadamilare – Data Analyst
 "I hired Peter to build my portfolio website and the delivery was fast, responsive, and professional. The project was completed exactly as discussed and I would gladly work with him again."
